Rodrigo de Lima Santos
WEB DEVELOPER

AGE: 34

MARITAL STATUS: MARRIED

NATIONALITY: BRAZILIAN

GOALS

I am looking for professional opportunities that promote continuous growth and the improvement of my knowledge. I have experience in creating web pages and systems, always focused on offering efficient and innovative solutions. I am committed to each assigned project, dedicating myself responsibly and proactively, seeking to evolve with each new challenge and ensure the delivery of high quality results.

ABOUT ME

I am a Full-stack developer, developing multiplatform applications of Landing-Pages and Web Systems. I develop work for the creation of API's and integrations between ERP's etc. I currently work as a Web Systems Developer with JavaScript/Node, I have worked with technologies such as PHP, Jquery, Postgres, Express, Firebase and others.
